

Good day, this is Keith Dickerson former owner of Quality Transmission and president of New Generations Outreach Ministers. Both the business and the ministry begun in 2007 and was located in Suitland Maryland. In 2013 I put them both on hold and decided to do the necessary work within myself.

In 2015 both Transmission Warehouse LLC and its training school was birth and are located in Waldorf, Maryland. The warehouse rebuilds transmissions and is stock with ready to sale, rebuilt transmissions. We also sale remanufactured as well as used transmissions. If you or anyone you know are in need of a transmission please call, 1-833-buytran, (1-833-289-8726). Our customers are individuals, businesses and shops. Currently we are the only business that sale **remanufactured and rebuilt** transmissions on the east coast and we are trying to keep up with the demand of the remanufactured and rebuilt transmissions.

Transmission Warehouse needs the help and our young people need jobs. ***We are looking to expand and open another location back in Prince Georges County where it all started. This will once again equip our youth and young adults with job training and employment but at another level.***
